MULTICULTURAL COMMUNITY PROFILE

WHERE HAVE WE COME FROM, AND WHAT DOES IT MEAN FOR OUR GROWING POPULATION?

Here are some demographics to help understand who we are and how we compare with the rest of Australia.

BY 2016, THE ACT WAS THE NATION'S FASTEST GROWING POPULATION

GROWTH FROM 2011 TO 2016

The proportion of ACT residents born overseas was 26.5% in 2016, up from 24% in 2011. Many of the ACT's overseas born residents are relatively recent arrivals. In fact, over 26,000 have arrived in Australia since the beginning of 2011. The most commonly reported countries of birth outside of Australia are England, China, India, New Zealand and the Philippines.

IMMIGRATION BY CENSUS YEAR

NEARLY 1 IN 4 PEOPLE SPEAK A LANGUAGE OTHER THAN ENGLISH AT HOME

In 2016, 24% of ACT residents aged five and over indicated that they spoke a language other than English at home, up from 18% in 2011. The most common languages other than English were Mandarin, Vietnamese, Cantonese and Hindi.

GUNGAHLIN IS DRIVING THE CAPITAL'S GROWTH

Home to roadworks, new suburbs and the Territory's first light rail corridor, the flourishing northern area of Gungahlin is the second fastest growing region in the country. Up from 30,000 people in 2011 to more than 71,000 in 2016.

RECENT ARRIVALS ARE RELATIVELY WELL EDUCATED AND HIGHLY SKILLED

ACT residents born in countries where English is not the main language are relatively highly educated. 50% of them have a bachelor degree or higher, compared to 36% of those born in Australia.

ACT residents with a non-English speaking background are also more likely to be employed in highly skilled occupations than their Australian born counterparts. This includes ICT, engineering, natural and physical sciences, tertiary lecturing, medical practice and business analysis.

Source: ABS Census 1996-2016; ACT State of the Public Service Report 2016-17

CHANGING RELIGION

45.4% ACT residents identified as Christian. A further 2.6% as Hindu, 2.5% as Buddhist and 2.5% as Muslim. 37% of ACT residents reported they had no religion or other secular/spiritual beliefs. This is the second highest reporting of no religion in any state or territory and is up from 29% in 2011.

ADDITIONAL FACTS

In 2016, a total of 6,500 ACT residents reported having Aboriginal and Torres Strait Islander origins, an increase of 1,313 people since 2011.

The ACT State of Public Services Report 2016-2017 indicates that 3,970 employees, or 18.2% of the total ACT Public Service workforce, identified as coming from a culturally and linguistically diverse background, up from 16.8% in 2014.

Our nation's capital is younger (median age of 35, compared with 38 for the nation) higher earning (median weekly income \$998, compared with \$662) and has a higher proportion of people who have never married (38%, compared with 35%) than the rest of the nation.

Do not touch, pick or eat any wild mushrooms

Death Cap mushrooms are one of the world's deadliest mushrooms and can be currently found across the Canberra region. Since 2002, there have been four deaths and several poisonings in the ACT due to Death Cap mushrooms.

In Canberra, Death Cap mushrooms often grow near established oak trees in mild, moist weather. The Death Cap mushroom can easily be confused with edible varieties. This includes the Straw Mushroom, which is grown and eaten through a large part of Asia.

It is difficult, even for experienced collectors, to tell the difference between the Death Cap mushroom and edible wild mushrooms. For this reason, people are strongly advised **not to touch, pick or eat any wild mushrooms**, and to remind friends and family who are visiting or new to Canberra of the risks of Death Cap mushroom poisoning.

All parts of the Death Cap mushroom are poisonous and eating part of a mushroom can be fatal. Cooking the Death Cap mushroom does not make it safe.

If you suspect that you, or one of your family members or friends might have eaten Death Cap mushrooms, you should seek urgent medical attention at a hospital emergency department.

If you believe you have seen a Death Cap mushroom, do not touch the mushroom with your bare skin. If it is in your own yard, the best option is to leave it be and make sure others stay away from the area. The mushroom will die in a few days.

If you believe you have spotted a Death Cap mushroom growing in a public area, please contact Access Canberra on 13 22 81.

For further information on Death Cap mushrooms, download the fact sheet, poster or flyer online at <https://www.health.act.gov.au/about-our-health-system/population-health/fact-sheets>. Flyers and posters are available in both English and non-English languages.

Overseas Qualification Assessment

Do you have overseas qualifications?

The ACT Government, through the Office of Multicultural Affairs, provides free assessment of overseas tertiary qualifications for permanent residents, refugees, asylum seekers and humanitarian entrants living in the ACT. For more information and to apply for a free assessment please visit [Overseas Qualifications Assessments \(OOA\) - Community Services](#)

ACT Diversity Register

The [ACT Diversity Register](#) is an online platform that enables ACT Government and non-government Boards and Committees to advertise vacancies and provide connections to training opportunities. Individuals will be able to view and apply for board and committee vacancies directly through the system and to seek information on upcoming events and training.

The Register is open to everyone, but it is an important resource to support Aboriginal and Torres Strait Islander people, people from culturally and linguistically diverse backgrounds, people with disabilities, and Lesbian, Gay, Bisexual, Transgender, Intersex and Queer (LGBTIQ).

It is important that this diversity is reflected in appointments to boards and committees and in leadership roles, to ensure the voices of women and people with diverse experiences are heard.

The ACT Government set a 50 percent target for female representation on ACT Government boards and committees, and by 2020 triennially funding sporting associations will be required to meet 40 percent female representation. The Diversity Register is designed to support these targets and to support all boards and committees across the ACT to have a membership that reflects the community they serve.

For more information or any inquiries please contact Office for Women on 6205 0515.

Give A Young Carer A Brighter Future

Imagine how hard it is for a child to every day look after a parent living with a long-term illness or disability. Instead of doing schoolwork and interacting with friends, many young carers spend their time instead helping a parent with personal care, medications, medical appointments, grocery shopping, cooking, cleaning, washing, paying bills and looking after younger siblings. They often struggle at school, miss classes, have little time to themselves and are more likely than their peers to have mental health issues.

They need your support to give them a break from caring these holidays and help them through school next year. Carers ACT is calling on you to donate to its appeal to support young carers and spread the word. To donate online visit carersact.org.au/donate or call 6296 9900. Or why not give someone a meaningful gift with a donation gift card and help make a lasting difference to a young carer in need.

Consider hosting an international student

The Education and Training Directorate International Education Program invites Canberra families to open their homes to international students and provide them a safe and nurturing place to live during their stay in Canberra.

Placing international students with a home stay host family helps bridge the cultural and language gap, giving students the opportunity to experience the life with an Australian family. Home stay parents and their children gain a greater understanding of cultural diversity through the relationship that develops with their student. Many host families have been providing accommodation for international students for many years. The Directorate is currently experiencing a shortage of home stay host families throughout Canberra.
