

Subject: Multicultural facilities in the Gungahlin region

Dear Community Leader,

My name is Kanak Savtale. I am an intern at the office of James Milligan MLA. I am carrying out a feasibility study on the Multicultural Community Facility in the electorate of Yerrabi.

As we know that our multicultural community in Canberra is growing and there is an evident lack of adequate facilities. There are too few facilities available for community events, and none of them is big enough to meet the needs of Canberra's larger multicultural groups.

The objective of this study is to address the needs of different ethnic and migrant groups; in order to support these groups and help them thrive, leading the way to an interconnected social community.

I request you to fill out this survey form at the earliest

please https://docs.google.com/forms/d/e/1FAIpQLSeyvommkKFUE9TRtFOjI8kxI6ai_ZhqkxRY1ZsOC5nltciEQ/viewform?usp=sf_link

This research is important because it will give diverse community groups an impetus to maintain their cultural linkages and be a part of the wider inclusive Australian community.

Thank you

Yours sincerely,

Kanak Savtale
